How would an extra \$100 help?

If the Ohio legislature was to create a state version of the Earned Income Tax Credit (EITC), it will put more money in the pockets of working Ohioans. If this legislation passes, low- and moderate-income families could be eligible for a state tax refund!

Refund the Credit

The average amount of the state EITC could be around \$100. How would an additional \$100 help support hard-working families in your community?
